Current on Taxes:	Yes.

The information contained in this profile was provided by the candidate. Except for space limitations, the candidate's answers were not edited.

Why should voters vote for you?

By far, I am the only candidate without a personal political agenda with the education, and boots on the ground experience to hit the ground running on day 1. My soul is not for sale and I cannot be bribe by any political party. I work for our constituents, not the other way around.

I Am Motived To Run For Office Because:

The neglect and dereliction of duty within our Sun City by our elected officials to maintain the status quo.

I Admire:

Those elected officials who are not afraid of being our people voice no matter what. That is why they were elected.

I Will Vote As A Trustee* Or As A Delegate*

**A trustee votes their conscious on public policy. A delegate votes what their constituency wants.*
As a delegate. The Sun City is not my city, it belongs to our people.

I Will Stay In Touch With My Constituency By:

I will hold bi-weekly zoom and in person meetings with the recordings posted on social media and the district's website as well as conducting semi-annual surveys on crucial matters that affect our constituents within the district and our Sun City.

Top Three Issues

1. Improvement of roads and streets.
2. Reduction of property taxes.
3. Accountability, transparency, and justice within our city government.

The 2012 Multipurpose Cultural Arts & Entertainment Center

The proposed sports arena funds were allocated by the federal government and the funds must be used only for that purpose if not those funds must be return to the federal government or get their written approval to use them for another purpose. The sports arena will bring binational economic growth but I oppose to have it constructured anywhere downtown due to traffic, parking, and emergency personnel response time.
