The information contained in this profile was provided by the candidate. Except for space limitations, the candidate's answers were not edited.

Why should voters vote for you?

As a retired employee on a fixed income, the effects of high taxation and high interest rates are affecting our family like everyone else.

I Am Motivated To Run For Office Because:

I want to make a difference in my community, I am not a politician, I am just a regular citizen that sees where we are heading and I don't agree with it. I know that if I s as m elected, I will do everything possible to give district 5 and our city a voice. We are here to serve our constituents from our community to the very best of our abilities. Also to remember it's only a temporary job rather it's a 4 year term or 8 years. So we are limited to do the very best we can within our time in office.

I Admire:

President John F. Kennedy, he wasn't afraid of trying new things to better our country. Not afraid to act and take chances of situations that seem too far to reach.

I Will Vote As A Trustee* Or As A Delegate*

**A trustee votes their conscious on public policy. A delegate votes what their constituency wants.*

I believe that once in office you hold the best interest in your constituents of your district by actually have monthly community meetings within my district and provide transparency and what I call the ugly truth how is our local government is spending our taxes and also be transparent on where the funds are going to and why of past certificates of obligations. And to remember they elected me as a voice from my district and to hold me accountable for decisions I make on behalf of my district. If elected I will the best of my ability to be that voice for my district.

I Will Stay In Touch With My Constituency By:

Hold monthly or quarterly community meeting around our district parks with food trucks and activities for our community families and become a closer community in our district. (edited)

Top Three Issues

1. Stop certificates of obligations.
2. Bring down taxes.
3. Public safety. (edited for space, complete answers to this list is online.)

The 2012 Multipurpose Cultural Arts & Entertainment Center

It's been 10 years since the city of El Paso voted on this multipurpose event center "Arena" since then nothing has been done but destroying this historical nominated area called Duranguito. The funds that were for this project has drastically decreased over the years. Besides using these funds for litigation and other court costs. The city needs to drop this and continue to move forward. We have several arenas around the city of El Paso that currently functional without any cost to our taxpayers. Example Southwest park serves as a baseball park as well as soccer park for two professional sports teams. Don Haskins, Sunbowl, El Paso Coliseum are currently functional doing just fine. No need to build this very expensive arena on an overcrowded section of El Paso. We are NOT San Antonio or other city, we are very unique as El Paso and should remain that way.
