Why should voters vote for you?

I want to serve God and our community by employing the principles of Limited Government, Individual Liberty, Free Enterprise, and Timeless Truths and ensure our children have the opportunity to pursue prosperity and happiness.

I Am Motivated To Run For Office Because:

“Freedom is only one generation away from extinction,” said Ronald Reagan. If not us, then who? I selected City Council because the greatest impact to community happens at the local level. Reverend Matthias Burnet said, “Let not your children have reason to curse you for giving up those rights and prostrating those institutions which your fathers delivered to you.” And finally, as John Quincy Adams said, “Duty is ours, results are God’s.”

I Admire:

I admire Benjamin Rush for his role in America’s founding, Jannique Stewart for her compassion, Gina Carano for her courage and Beneil Dariush for his determination and as the embodiment of the American Dream.

I Will Vote As A Trustee* Or As A Delegate*

**A trustee votes their conscious on public policy. A delegate votes what their constituency wants.*
 If elected I will represent the people as a delegate acting within the parameters of fundamental principles and moral truths. As George Washington said in his farewell address, “Of all the dispositions and habits which lead to political prosperity, religion and morality are indispensable supports.” Majority rule ought not to infringe on minority rights, and law and morality ought not to contradict each other.

I Will Stay In Touch With My Constituency By:

Communication is key. I will take various approaches to connect with as many people as possible. (edited)

I think the bond that was approved for the downtown arena needs to be revisited. We’ve already spent too much money on frivolous lawsuits and the proposal the voters approved doesn’t really exist anymore given the increased cost from inflation and 10 years of no progress. Should the project proceed, I do not believe it belongs in the Duranguito neighborhood, but rather on existing city property.
